

The setting places of the plastic bottle cap collection boxes 9 places

- Building No.1 East
- Building No.1 West(the third floor)
- Building No.3 (the second floor)
- M&D Tower (the first floor)
- Building No.5(the first floor)
- Building No.5(the third floor)
- Support Center for Students and Female Staff (the third floor of Building No.5)
- Institute of Biomaterials and Bioengineering (near the first floor entrance)
- College of Arts and Sciences(in front of Health Administration Center)

Please consider the following matters when you offer the cap.

- The target is PET bottle cap.
- Please do not put a metal cap. It breaks down the crusher.
- Please remove a seal. It damages the blade of the crusher.
- We appreciate if you wash a cap as possible (Regardless of the washed and unwashed, please let the caps out of a bag) . When food is remained, mold, bad smell and insects occur.
