Subject: Essential Expertise for Clinical Dentistry 2 (EECD2) Accepting applications for auditing

EECD2 offers you up-to-date dental clinical knowledge and techniques that are often publicized in journals or books. Due to the popularity and demand for this course, we are now offering 10 additional seats for auditors.

To apply:

Please download the application form from the website below and submit it via E-mail to International Exchange Section, Institute of Global Affairs (kokusai.adm@tmd.ac.jp).

URL: http://www.tmd.ac.jp/english/international/project/southeast-asia_2/EECD2/index.html

Application Deadline: September 28, 2016

*Registration will close once the maximum enrollment of 10 is reached.

Overview:

- You can join two case study lectures and one hands-on session as an auditor.

In this course, you will:

- Learn dental clinical knowledge through interactive lectures and discussion.

After this course, you will be able to:

- Have dental clinical knowledge and new approaches for future treatments.
- Consider your clinical cases from a critical perspective.

Textbook (none)

Instructor will provide the written materials, if any.

Note

- Maximum enrollment for auditors is 10 (participants).
- For hands-on sessions, you can join one as an auditor from below.
- Please order your selections from 1 (most desired) to 4 (least desired). Kindly keep in mind that because of enrollment limitation, there may be cases where we cannot accept your first request.
