

To whom it may concern,

Invitation for Applications for Professor Position

Tokyo Medical and Dental University (TMDU) invites application for one position in the Institute of Biomaterials and Bioengineering at the rank of Full-Time Professor with a 5 year-term (reappointment by review), who can start as early as possible after the hiring decision. Salary follows the TMDU regulation, and you can choose either monthly or annual salary system, which cannot be changed after the appointment.

1. Qualifications

TMDU is interested in candidates who are knowledgeable and experienced in researches and developments of biomaterials, bioengineering and medicine, and who have a willingness to research and education on the manufacturing new systems or materials those are closely related to clinical applications. The applicant will be expected to promote the collaboration with medical researchers and doctors in TMDU. The applicant is also expected to engage research as well as teaching for graduate courses in medical engineering in the Department of Material Biofunctions. The applicant must hold a Ph.D. in this area. Japanese language proficiency is welcome though not required. Female applicants are particularly encouraged to apply for this position, since TMDU is promoting the Program for Activation of Gender Equity/Gender Medicine and Enrichment of Life since 2008.

2. Application Forms

Documents on the following lists must be prepared in Japanese or English:

- (1) Designated application form (Curriculum Vitae, etc.) (free form)
- (2) List of publications with journal's IF (Impact Factor) (free form)
- (3) List of research grants and patents (free form)
- (4) Reprints of representative publications (one copy per publication, up to 10 papers)
- (5) Summary of previous research contributions (one page of A4 sheet)
- (6) Summary of future research and education plans (one page of A4 sheet)
- (7) No more than two references

3. How to Apply

Send the above forms and documents by courier to the address below. Specify the title as "application to the Professor position in the Department of Material Biofunctions."

All information is treated with the strictest confidentiality in accordance with pertinent laws and rules. Once submitted, documents will not be returned to applicants for any reason.

Prof. Yuji Miyahara, Ph.D.

Director

Institute of Biomaterials and Bioengineering

Tokyo Medical and Dental University

2-3-10 Kanda-Surugadai, Chiyoda-ku, Tokyo 101-0062, Japan

4. Selection Schedule

The 1st stage selection by review of application documents: early-December, 2016. The 2nd stage selection (for qualifiers only) includes interviews: late-December or early-January, 2017.

5. Period for Application

Applications should be sent to the postal address above by Nov. 25, 2016, Japan Standard Time (applications by postal mail must be posted by this date).

6. Inquiry

Inquiries should be directed to Prof. Akio Kishida, Ph.D.
