

Job offer for Assistant Professor Position

Medical Research Institute (MRI) of the Tokyo Medical and Dental University (TMDU) invites applications for faculty position (Assistant Professor) in the field of Neuropathology.

1. Position

Assistant Professor

2. Areas of Research

Our purpose is to understand the complex disease pathology of neurodegenerative diseases like Alzheimer's disease, front-temporal degeneration and polyglutamine diseases, and of neurodevelopmental disorders like ASD, microcephaly and intellectual disability, by using multiple types of newest biological and chemical techniques. We are looking for highly motivated and challenging candidates with broad knowledge and experiences of neuroscience and molecular biology.

3. Terms and Conditions of Employment

Full-time position with a three-year contract, renewable based on an evaluation, up to twice. Salary will be paid and determined by the annual salary system which follows the TMDU regulations.

***TMDU supports women scientists, foreign researchers and researchers who have engaged in education and research overseas. We encourage them to apply for this position.**

4. Application Forms

- (1) Resume (Curriculum Vitae, etc.) (free form).
- (2) List of publications (free form).
- (3) Reprints of representative publications (up to 3 papers, photocopies acceptable).
- (4) Summary of the representative publications (100 words each).
- (5) List of research grants and patents (free form).
- (6) Summary of previous research contributions and future research and education plans (in 500 words).

5. Number of copies submitted

5 copies of Application forms listed in section 4 must be submitted to the address written in section 8.

6. Deadline

Applications should reach the postal address written in section 8 by February 19, 2016, Japan Standard Time.

7. Inquiry

Inquiries should be directed to Prof. Hitoshi Okazawa, MD., Ph. D.

Department of Neuropathology
