

Job offer for Assistant Professor Position

Medical Research Institute (MRI) of the Tokyo Medical and Dental University (TMDU) invites applications for faculty position (Assistant Professor) in the Laboratory of integrated research projects on intractable diseases: *hypoxic tumor project*.

1. Position

Assistant Professor

2. Areas of Research

Our lab focuses on the characterization of malignant breast cancer under hypoxic condition. Applicants are required to have basic research skills on cellular and molecular biology, and genomic research (ChIP assay, next generation sequencing). Further experiences on tumor study (transplantation, immunohistochemistry) and/or metabolomic analysis (glycolysis, mitochondria) are highly desirable. Highly motivated persons with strong interest in hypoxic cancer research are encouraged to apply.

3. Terms and Conditions of Employment

Full-time position (contract ends on Mar 31st, 2019 and there will be no renewal).

Salary will be determined and paid by the annual salary system which follows the TMDU regulations.

***TMDU supports women scientists, foreign researchers and researchers who have engaged in education and research overseas. We encourage them to apply for this position.**

4. Application Forms

- (1) Resume (Curriculum Vitae, etc.) (free form).
- (2) List of publications (free form).
- (3) Reprints of representative publications (up to 3 papers, photocopies acceptable).
- (4) Summary of the representative publications (100 words each).
- (5) List of research grants and patents (free form).
- (6) Summary of previous research contributions and future research and education plans (in 500 words).

5. Number of copies submitted

5 copies of Application forms listed in section 4 must be submitted to the address written in section 8.

6. Deadline

Applications should reach the postal address written in section 8 by June 15th, 2016, Japanese Standard Time.

7. Inquiry

Inquiries should be directed to Koh Nakayama, Ph. D.
