

## **Job offer for Professor Position (Division of Pathophysiology)**

Medical Research Institute (MRI) of the Tokyo Medical and Dental University (TMDU) invites applications for faculty position (Professor) in the Division of Pathophysiology.

### **1. Areas of Research**

Research purpose of the Division of Pathophysiology is to understand the fundamental mechanisms underlying biological phenomena and their abnormalities in the disease conditions including intractable diseases and to develop new diagnostic or therapeutic tools for various diseases of which curative treatment is difficult. We welcome applications from those who can develop the new field of research in accordance with our purpose.

To promote leading and advanced researches, Medical Research Institute possesses common laboratories of proteome analysis, genome analysis, morphological analysis, developmental biology, stem cell research, molecular structural analysis, chemical biology, and bio-resources. We seek top scientists who strongly and rigorously promote frontier researches by fully utilizing such advanced technologies.

After appointment, one associate professor or junior associate professor, and one assistant professor can be recruited to the group through open announcement.

### **2. Application Forms**

- (1) Resume (Curriculum Vitae, etc.) (free form).
- (2) List of publications (free form).
- (3) List of research grants with a clear indication of PI or other status (free form).
- (4) Reprints of representative publications (5 papers, photocopies acceptable).
- (5) Summary of the representative publications above (100 words each).
- (6) Summary of previous research contributions and future research and education plans (in 500 words).
- (7) A list of other achievements (Awards, editorial board member, conference chair member etc).

\*8 copies of Application forms listed above must be submitted to the address written in section 5.

All information will be treated with the strictest confidentiality in accordance with pertinent laws and rules. Once submitted, documents will not be returned to applicants for any reason.

### **3. Terms and Conditions of Employment**

Full-time position with a five-year contract, renewable based on an evaluation according to the rules and regulations of TMDU.

Salary follows the TMDU regulation, and you can choose either monthly or annual salary system, which cannot be changed after the appointment.

**\*TMDU supports women scientists, foreign researchers and researchers who have engaged in education and research overseas. We encourage them to apply for this position.**

### **4. Deadline**

Applications should reach the postal address written in section 5 by February 28, 2017, Japan Standard Time.

### **5. How to Apply**

Send the forms and documents listed in section 2 by courier to the address below.  
Specify the title as “Application for the Professor position in the Division of Pathophysiology.”

Yukio Sakairi
