

Shaping the future of finance... no finance degree required.

See yourself here.

At Goldman Sachs, we believe who you are makes you better at what you do. We seek out people with all types of skills, interests and experiences. So whether you've been trading penny stocks since the eighth grade or have never imagined a career in finance, there's a place for you here.

For us, it's all about bringing together people who are curious, collaborative and have the drive to make things possible for our clients and communities.

If you are interested in learning how our women leaders pave their way in the financial industry and the strong focus of diversity in GS, we'd love to meet you! Join us at our 2022 APAC Women's Exploratory Series and learn more about it! The event is going to take place in Part 1 and Part 2, and we would recommend you to participate in both sessions to get the most out of it.
