

TMDU International Faculty Development Course presents -Prosthodontics Course for Bangladesh AY2023-

Tokyo Medical and Dental University (TMDU) offers courses with the purpose of introducing expertise in clinical dental education at TMDU.

This course for clinical, research and dental education offers participants up-to-date dental clinical/research knowledge and techniques that are important for recovery of oral function.

The need for this field is increasing due to super-aging/super-aged societies. This course aims at not only updating participants' dental clinical/research knowledge but also developing clinical/research skills useful for the participants' future needs.

Style:

On-site lectures and hands-on sessions

Date:

4– 6 Oct. 2023

Place:

Tokyo Medical and Dental University (Faculty of Dentistry)
1-5-45, Yushima, Bunkyo-ku, Tokyo 113-8510, JAPAN

Goals of this course:

1. Gain new dental knowledge and new approaches for future research
2. Consider your clinical cases from a critical perspective

Certification:

A certificate of completion including hours of study and topics covered will be given to those who attend every assigned session.

Course Fees:

JPY: 150,000 (Registration fee (JPY 50,000) + Course fee (JPY 100,000))

Schedule:

Attached
