

Job Opportunity: Assistant Professor in Single-cell Omics Laboratory

Institute of Research of Tokyo Medical and Dental University (TMDU) invites applications for a faculty position (Assistant Professor) in Single-cell Omics Laboratory.

1. Position

Assistant Professor

2. Areas of Research

The Single Cell Omics Laboratory develops and operates single-cell level omics experimental technologies in collaboration with the Research Core Center at the Research Facility Cluster and the Department of Functional Genomic Information at the Medical Research Institute. These technologies will promote collaborative research within and outside the university. This position is open to researchers who possess experimental techniques related to single-cell omics and who are capable of introducing and operating existing methods, as well as planning and implementing the development of new techniques on their own ideas.

In addition, we are looking for a researcher who can manage both internal and external collaborations as a responsible person in cooperation with the laboratory staff. The successful candidate must speak, read, and write fluently in Japanese to conduct collaborative research with Japanese researchers on campus.

3. Terms and Conditions of Employment

Full-time position with a contract, which will start September 1, 2022, not exceeding third years period, renewable based on an evaluation according to the rules and regulations of TMDU twice.

Salary will be determined by the annual salary system outlined by TMDU regulations.

Female applicants are strongly encouraged to apply for this position, as TMDU promotes gender-equality work environment. We provide career support programs for all staff that enable them to balance work and life, such as childbirth and child rearing.

4. Application Forms

- (1) Resume (Curriculum Vitae, etc.) (free form).
- (2) List of publications (free form).
- (3) Reprints of representative publications (up to 3 papers, photocopies acceptable).
- (4) Summary of the representative publications (100 words each).
- (5) List of research grants and patents (free form).
- (6) Summary of previous research contributions and future research and education plans (in 500 words).
- (7) A list of other achievements (Awards etc).
- (8) Contact details of or recommendation letters from one academic referees

5. Deadline

July. 14, 2022, Japan Standard Time.

6. Inquiry

Administration Office, Institute of Research, Tokyo Medical and Dental University

E-Mail: kenkyu-soumu.adm@tmd.ac.jp
