

Understanding COVID-19 from Biological Perspectives

Fri 3 Sep 2021 09:00 ▶ 12:10 via Zoom

Session 1 09:05 ▶ 10:25

Chair:

Dr. Hitoshi Okazawa
Medical Research Institute,
TMDU

Session 2 10:45 ▶ 12:05

Chair:

Dr. Shigeomi Shimizu
Medical Research Institute,
TMDU

09:00 **Opening Remarks**
▼
09:05 **Dr. Hiroshi Nishina** (Director, Medical Research Institute, TMDU)

09:05 **What is a Virus? When Could We Predict
its Emergence Like Weather Forecast?**
▼
09:45 **Dr. Yongzhen Zhang** (Shanghai Public Health Clinical Center, Fudan University)

09:45 **ACE2, From Fly Hearts to the Heart of a Pandemic**
▼
10:25 **Dr. Josef Penninger** (The University of British Columbia)

10:25 ▶ 10:45 **Coffee Break**

10:45 **Enhancing and Neutralizing Antibodies
in SARS-CoV-2 Infection**
▼
11:15 **Dr. Hisashi Arase** (Osaka University)

11:15 **Immunogenic Peptides Derived from SARS-CoV-2**
▼
11:35 **Dr. Takeshi Tsubata** (TMDU)

11:35 **A Human Papillomavirus Vaccine (a Cervical Cancer Vaccine)
Inhibits HIV Infection via Induction of Interleukin-27 (IL-27):
The Potential of IL-27 in Immunotherapy for Virus Infection**
▼
12:05 **Dr. Tomozumi Imamichi** (Frederick National Laboratory for Cancer Research)

12:05 **Closing Remarks**
▼
12:10 **Dr. Takehiko Sasaki** (Division Chief, Medical Research Institute, TMDU)

Organizing Committee: Emi Nishimura, Hiroshi Nishina, Hitoshi Okazawa, Shigeomi Shimizu, Takeshi Tsubata, Takehiko Sasaki
