

Job Opportunity: Assistant Professor in Department of Stem Cell Regulation

Medical Research Institute (MRI) of Tokyo Medical and Dental University (TMDU) invites applications for a faculty position (Assistant Professor) in the Department of Stem Cell Regulation.

1. Position

Assistant Professor

2. Areas of Research

In this recruitment, we seek a researcher who has outstanding expertise to perform research on fetal hematopoiesis and neurogenesis in view of cell-external cues from the stem cell microenvironment and cell-intrinsic programs including transcriptional regulation. The successful candidate will be expected to obtain sufficient knowledge and experimental skills on fetal hematopoietic stem cells and fetal neural stem cells, as well as abilities to participate in the education and supervision of graduate students.

3. Terms and Conditions of Employment

The contract of full-time position will start from April 1, 2024, and will not exceed March 31, 2025.

Employment trial period: 6 months from the date of employment.

Salary will be determined by the annual salary system outlined by TMDU regulations.

Female applicants are strongly encouraged to apply for this position, as TMDU promotes gender-equality work environment. We provide career support programs for all staff that enable them to balance work and life, such as childbirth and child rearing.

Status of measures to prevent second-hand smoke : No smoking on the premises
