

To whom it may concern,

Invitation for Applications for Assistant Professor Position,
Department of Diagnostic and Therapeutic Systems Engineering, Division of
Biomedical Engineering Research, Laboratory for Biomaterials and Bioengineering
(LBB), Institute of Integrated Research.
(Deadline has been extended)

1. Position

Assistant Professor

2. Area of Research

The Department of Diagnostic and Therapeutic Systems Engineering, led by Professor Hirokazu Kaji, is seeking candidates with expertise and experience in micro/nanotechnologies that are minimally invasive to bio-derived materials and living bodies, as well as their medical applications. Our research particularly focuses on the development of drug delivery devices, cell delivery systems, and microphysiological systems.

We are looking for a researcher who is not only knowledgeable and experienced in this field but also enthusiastic about educating students. Applicants are expected to hold a Ph.D. in a relevant area or to have obtained their Ph.D. by the time of appointment. Proficiency in the Japanese language is preferred but not required.

3. Conditions of Employment

- Employment Status: Full-time (fixed-term faculty based on the employment regulations of Institute of Science Tokyo)
- Date of appointment: As early as possible after February 1, 2026.
- Term of employment: 3 year.

Reappointment may be possible up to 2 times after performance review. (Up to 10 years from the date of the first appointment. If appointed on February 1, 2026, until January 31, 2036). The retirement age is 65.

- Probationary period: 6 months from the date of appointment
- Salary: Salary will be determined by the annual salary system outlined by Science Tokyo regulations.
- Work Location : Laboratory for Biomaterials and Bioengineering, Institute of Integrated Research, Institute of Science Tokyo, 2-3-10 Kanda-Surugadai, Chiyoda, Tokyo 101-0062, Japan

• Others: Science Tokyo promotes support for female researchers and expects active application from female researchers. Various efforts are being made to enable all faculty members to balance their research activities with life events such as childbirth and childcare.

We also welcome applications from non-Japanese researchers, researchers who have obtained their degrees abroad, and researchers who have been involved in education and research in foreign countries.

• Status of measures to prevent second-hand smoke : No smoking on the premises.

4. Application Forms

Documents on the following lists must be prepared in Japanese or English:

- (1) Designated application form (Curriculum Vitae, etc.) (Free form of A4 sheet)
- (2) List of Academic Research Activities (Form No.2) (Word)
- (3) Assistant Professor Applicant Information for the Department of Diagnostic and Therapeutic Systems Engineering (Summary) (Form No.3) (Excel)
- (4) Reprints of representative publications (one copy per publication, up to 3 papers)
- (5) Summary of previous research contributions (one page of A4 sheet)
- (6) Summary of future research and education plans (one page of A4 sheet)
- (7) Name and contact information of one referee (Free form of A4 sheet)

5. How to Apply and Deadline

All the application documents must be sent to Administration Office, to apply, please let us know the following [contents] at zaikensoumu.adm@tmd.ac.jp.

Please contact us by e-mail until November 19, 2025 (Wed), Japan Standard Time.

We will send the URL and manual for submission to the university to the "destination email address".

The deadline for all the application documents is November 21, 2025 (Fri), Japan Standard Time.

[Description]

- Subject: "Public recruitment of faculty members (Assistant Professor) in the Department of Diagnostic and Therapeutic Systems Engineering "
- Text: full name, affiliation, and destination email address/phone number

All information will be treated with the strictest confidentiality in accordance with pertinent laws and rules.

6. Inquiry

Prof. Yoshikazu Nakajima, Ph.D.

Department of Biomedical Informatics,

Laboratory for Biomaterials and Bioengineering (LBB)

Institute of Integrated Research,

Institute of Science Tokyo

e-mail : nakajima.bmi@tmd.ac.jp
