

To whom it may concern,

Invitation for Applications for Assistant Professor Position,  
Department of Biological and Pharmaceutical Chemistry, Division of Drug Discovery  
Science Research, Laboratory for Biomaterials and Bioengineering (LBB), Institute of  
Integrated Research.

1. Position

Assistant Professor

2. Area of Research

The Department of Biological and Pharmaceutical Chemistry, led by Professor Yukihiro Itoh, conducts research in medicinal chemistry and chemical biology grounded in organic chemistry. Our group focuses on developing innovative methodologies for drug discovery, as well as designing and synthesizing bioactive molecules through these approaches. We are seeking a motivated researcher with experience in organic synthesis, a strong interest in the development of bioactive compounds, and the ability to contribute to the aforementioned research projects. The ideal candidate will also demonstrate enthusiasm for interdisciplinary collaboration, engagement in industry-academia partnerships, and commitment to student education. Applicants must hold a Ph.D. or be expected to obtain one by the time of appointment.

3. Conditions of Employment

- Employment Status: Full-time (fixed-term faculty based on the employment regulations of Institute of Science Tokyo)
- Date of appointment: As early as possible after January 1, 2026.
- Term of employment: 3 years.

Reappointment may be possible up to 2 times after performance review. (Up to 10 years from the date of the first appointment. If appointed on January 1, 2026, until December 31, 2035). The retirement age is 65.

- Probationary period: 6 months from the date of appointment
- Salary: Salary will be determined by the annual salary system outlined by Science Tokyo regulations.
- Work Location : Laboratory for Biomaterials and Bioengineering, Institute of Integrated Research, Institute of Science Tokyo, 2-3-10 Kanda-Surugadai, Chiyoda, Tokyo 101-0062, Japan

- Others: Science Tokyo promotes support for female researchers and expects active application from female researchers. Various efforts are being made to enable all faculty members to balance their research activities with life events such as childbirth and childcare.

We also welcome applications from non-Japanese researchers, researchers who have obtained their degrees abroad, and researchers who have been involved in education and research in foreign countries.

- Status of measures to prevent second-hand smoke : No smoking on the premises.

#### 4. Application Forms

Documents on the following lists must be prepared in Japanese or English:

- (1) Designated application form (Curriculum Vitae, etc.) (Free form of A4 sheet)
- (2) List of Academic Research Activities (Form No.2) (Word)
- (3) Assistant Professor Applicant Information for the Department of Biological and Pharmaceutical Chemistry (Summary) (Form No.3) (Excel)
- (4) Reprints of representative publications (one copy per publication, up to 3 papers)
- (5) Summary of previous research contributions (one page of A4 sheet)
- (6) Summary of future research and education plans (one page of A4 sheet)
- (7) Name and contact information of one referee (Free form of A4 sheet)

#### 5. How to Apply and Deadline

All the application documents must be sent to Administration Office, to apply, please let us know the following [contents] at [zaikensoumu.adm@tmd.ac.jp](mailto:zaikensoumu.adm@tmd.ac.jp)

Please contact us by e-mail until October 23, 2025 (Thu), Japan Standard Time.

We will send the URL and manual for submission to the university to the "destination email address".

The deadline for all the application documents is October 24, 2025 (Fri), Japan Standard Time.

#### [Description]

- Subject: "Public recruitment of faculty members (Assistant Professor) in the Department of Biological and Pharmaceutical Chemistry"
- Text: full name, affiliation, and destination email address/phone number

All information will be treated with the strictest confidentiality in accordance with pertinent laws and rules.

#### 6. Inquiry

Prof. Hirokazu Tamamura, Ph.D.

Department of Medicinal Chemistry

Laboratory for Biomaterials and Bioengineering (LBB)

Institute of Integrated Research,

Institute of Science Tokyo

e-mail : [tamamura.mr@tmd.ac.jp](mailto:tamamura.mr@tmd.ac.jp)
