

Job Opportunity: Junior Associate Professor in Department of Immune Regulation

Medical Research Laboratory (MRL) of Institute of Science Tokyo (Science Tokyo) invites applications for a faculty position (Junior Associate Professor) in the field of Immune Regulation.

1. Position

Junior Associate Professor

2. Areas of Research

The Department of Immune Regulation focuses on the mechanisms underlying the maintenance and disruption of tissue homeostasis and is advancing research to elucidate the differentiation and functions of the immune and mesenchymal cells responsible for these processes. By elucidating the mechanisms by which tissue homeostasis is maintained through interactions between the immune and mesenchymal systems, as well as the pathological mechanisms resulting from its disruption, we aim to develop methods for the prevention and control of intractable immune diseases, including autoimmune diseases. For this open call, we are seeking researchers who possess the following skills and experience and have the ability to independently design and implement research plans. We welcome applications from individuals who are eager to contribute to elucidating the pathogenesis of immune diseases and developing methods for their control.

- ② A proven track record of research in the field of immunology
- ② Proficiency in molecular biology and bioinformatics analysis methods, such as single-cell analysis and
- ③ Sufficient ability to supervise graduate students in their education and research

3. Terms and Conditions of Employment

The contract of Full-time position will start from April 1, 2027 and will not exceed five years period, renewable based on an evaluation according to the rules and regulations of Science Tokyo once.

Salary will be determined by the annual salary system outlined by Science Tokyo regulations.

Female applicants are strongly encouraged to apply for this position, as Science Tokyo promotes gender-equality work environment. We provide career support programs for all staff that enable them to balance work and life, such as childbirth and child rearing.

Status of measures to prevent second-hand smoke : No smoking on the premises

4. Application Forms

- (1) Resume (Curriculum Vitae, etc.) (free form).
- (2) List of publications (free form).

- (3) Reprints of representative publications (up to 3 papers, photocopies acceptable).
- (4) Summary of the representative publications (100 words each).
- (5) List of research grants and patents (free form).
- (6) Summary of previous research contributions and future research and education plans (in 500 words).
- (7) A list of other achievements (Awards etc).

5. Work Location

Medical Research Laboratory, Institute of Science Tokyo
1-5-45 Yushima, Bunkyo-ku, Tokyo 113 - 8510, JAPAN

6. Deadline

October 20, 2026, Japan Standard Time.

7. Inquiry

Yushima Research Institute Administration Division, Institute of Science Tokyo

E-Mail: pr.mri.adm@tmd.ac.jp

Tel: +81-3-5803-4504

8. How to Apply

All the application documents must be sent to Administration Division. To apply, please enter the following [E-mail contents] at pr.mri.adm@tmd.ac.jp

Please contact us by E-mail by October 19, 2026.

We will send the URL and manual for submission to the university to the "destination email address".
