大学院特別講義

(医歯学先端研究特論)

(生命理工医療科学先端研究特論) (医歯理工学先端研究特論)

Zoom によるオンライン講義

受講希望者は 10月25日 (金) 17時までに服部麻里子 (sasamfp@tmd.ac.jp) へご連絡をお願いいたします. Zoom情報をお知らせいたします.

記

演題: Clinical Practice Guideline of Implant Assisted

Prostheses for Maxillofacial Patients

講師: 愛知学院大学歯学部有床義歯学講座 特殊診療科

尾澤 昌悟 教授

日時: 2024年10月30日(水)17:00-18:30

内容:

It is well known that the dental implants are useful for the retention and support of maxillofacial prosthesis. However, the clinical application of implants for maxillofacial prosthetics is not fully prevailed in Japan. In this lecture, we will discuss what kind of approach is effective for maxillofacial defect patients who should receive the benefit of using implants based on the clinical guidelines.

経歴:

1995. 03 Post	t Graduate School of TMDU
