Graduate School Special Lecture

(Special Lecture of Advanced Medical and Dental Study)

(Special Lectures for Advanced Research on Life Science and Technology)

(Special Lectures for Advanced Research on Biomedical Science and Engineering)

(Special Lectures for Advanced Research on Life Science and Technology)

We announce that the graduate school special lecture will be given as follows. We look forward to your active participation.

For the students who have already took this lecture in the subjects of **the Health Sciences and Biomedical Engineering (Master's Program)**, Graduate School of Medical and Dental Sciences at TMDU, this lecture is uncounted as attendance.

1. Instructor: Yoshitake Takebayashi
Assistant Professor, Fukushima Medical University
2. Topic: Behavioral Sciences
Role of Emotion and Health
*It is required to take this lecture together with the lecture of "Shared decision making".
3. Date: 10:30-12:00, Tuesday, October 5, 2021
4. Venue: Via Zoom
5. Outline:
This course provides students with basic knowledge and skills needed to understand individual, group, and community behaviors and change processes in cross-cultural contexts in order to design health promoting behavioral interventions.

6. Notes to students

- This lecture is taught in English.
- If you wish to take the lecture, please send the following URL and answer all the questionnaire by **September 30.**

*** Please note that the application the deadline has already passed is not approved to take the lecture.**

URL: <https://forms.office.com/r/GMJN4mE5XX>

- Zoom ID / PW will be informed to the email address you registered in the above URL by the day before the lecture.
- Please note to change your user's name for Zoom to "your student ID number & your full name" when you attend to the lecture.
