

Job Opportunity: Assistant Professor in IBD Project

Medical Research Institute (MRI) at Tokyo Medical and Dental University (TMDU) invites applications for faculty position (Assistant Professor) in the Laboratory for integrated research projects on intractable diseases: *IBD project*.

1. Position

Assistant Professor

2. Areas of Research

The research aims of IBD project are to elucidate pathological mechanisms and to develop therapeutics of inflammatory bowel disease (IBD) including ulcerative colitis and Crohn's disease. For the analysis of IBD pathology, we conduct genetical, cell biological, morphological, and immunological approaches. We also develop anti-IBD agents from low-molecular weight compounds and natural compounds. We are seeking highly motivated candidates with a strong background in the related fields.

3. Terms and Conditions of Employment

The contract of Full-time position, which will start from June 1, 2021 for March 31, 2022.

Employment trial period: 6 months from the date of employment.

Salary will be determined by the annual salary system outlined by TMDU regulations.

Female applicants are strongly encouraged to apply for this position, as TMDU promotes gender-equality work environment. We provide career support programs for all staff that enable them to balance work and life, such as childbirth and child rearing.

4. Application Forms

- (1) Resume (Curriculum Vitae, etc.) (free form).
- (2) List of publications (free form).
- (3) Reprints of representative publications (up to 3 papers, photocopies acceptable).
- (4) Summary of the representative publications (100 words each).
