

Sharing expertise and groundbreaking research around the world

Our international exchange activities in research and education are based in three centers, in Ghana, Thailand and Chile. We further promote educational collaboration with Harvard Medical School, Imperial College London and Australian National University. TMDU has 107 agreements in 31 countries in total.

Finland

Health Care Sciences majors pursue short-term training in Finland at Seinajoki University.

Ghana

TMDU student conducts research at Ghana-TMDU Research Collaboration Center.

International students comprise about 21% of TMDU's postgraduate student body. May, 2019

About 20% of eligible students study abroad. March, 2018

Dental students from TMDU study at Srinakharinwirot University in Thailand.

Japanese New Year's Festival attendees in the lobby of M&D Tower at TMDU.

In fiscal year 2019 TMDU organized a total of ten events for international students. Two of them were hosted jointly with Juntendo University.

Students participating in the Summer Festival.

U.S.

Students pursue clinical electives at Harvard Medical School in the U.S.

Chile

Project semester students from TMDU studied for six months at the University of Chile.

How do you like life at TMDU?

Leila Nasiry Khanlar (Iran)

My life as a PhD student has been busy but joyful, thanks to the friendly and collaborative atmosphere throughout the department. Aside from research, I have learned about personal interaction, teamwork, patience, and respect for others. Life outside the laboratory only becomes better with every passing day. I am grateful for this life-changing experience at TMDU, which has allowed me to meet and work with wonderful people.

Alapati Aimahtijiang (Xinjiang Uyghur Autonomous Region, China)

Nothing is more attractive than studying at TMDU, where diversity is respected and you can communicate freely with people from all over the world. Although being away from one's home town and parents can be difficult, I found friendly support that helped me spend my first days on campus smoothly. TMDU provides us many challenging opportunities to immediately apply our newly learned skills and knowledge. I look forward to seeing how it also cultivates our independence and creative thinking.

Saleh Sherif Adel Abdelfattah (Egypt)

I always thought that traveling gives you perspective and makes you grow as a person. That is especially true of my time at TMDU. Studying here continues to be a truly remarkable life experience. TMDU not only provides high-level education and equips students with up-to-date research skills, it also offers a global environment where you can learn about different cultures from all over the world. I believe this kind of experience prepares you for the highly connected world that we live in today.

TMDU is an outstanding environment for training and nurturing researchers for the future. I chose TMDU because of its high standards and qualifications, which are recognized around the world. My whole experience at this university has transformed me into a more confident and determined person. I will be eternally grateful to my dear mentors, who gave me tremendous hope and enthusiasm for pursuing cancer research.

Undrakh Ganbaatar (Mongolia)
